

As an innovative and internationally operating German family-owned company in the field of surface coating, plastic injection moulding, metal processing and mechanical engineering, the GOTEC Group is a strategic partner of the worldwide automotive industry. On our expansion path we are always sourcing suitable and committed talents and experts. Currently we are searching for a highly motivated and self-driven:

Support Engineer (m/f/o)

Location: Global / Home-Office

Key skills & experience:

We assume that a possible candidate can think and act independently & entrepreneurially, has a structured way of working, strong problem-solving capabilities and is a team-player with hands-on-mentality.

In addition, we require:

- Completed university studies or completed vocational training in the field of (business) information technology or equivalent knowledge acquired through years or relevant professional experience
- At least 2 years of experience as a support engineer or system engineer
- Experience in implementing and managing Microsoft based infrastructures, virtualized infrastructures and storage
- Broad IT knowledge, preferably in some of the following areas
 - Network infrastructures routing, proxy, VPN
 - Firewall management
 - IT-Service-Management according to ITIL
 - Microsoft 365 Modern Workplace Stack
 - Implementation of IT security policies
- Language skills: German, English, Polish desirable

Essential Duties and Responsibilities:

If you would like to face the exciting challenges of the automotive industry and if you can keep a cool head even in stressful situations, the following activities and tasks await you after intensive training:

- Manage and maintain local infrastructure based on global standards
- Support in day-to-day business of local infrastructure and software
- Support in local or global IT projects
- Work within IT-Service-management processes
- Automate administrative tasks through scripting and workflows
- Provide and share knowledge within local organization trainings
- Ensure adequate IT security level

We offer:

The candidate can expect varied and challenging activities. He / she can be part of a target-oriented community and has the opportunity to support the management in change-processes and performance of the manufacturing.

At GOTEC, you can expect varied and challenging activities in a dynamic team with flat hierarchies, as well as excellent professional development. We provide you with a modern workplace including up-to-date technical equipment and offer an attractive salary package.

Make the next career step now and send your application documents including your salary expectations and the earliest possible starting date in English language to: hr@gotec-group.com
